Timber Profiles

total timber solutions - www.svw2000.co.uk

Severn Valley Woodworks offers an extensive range of softwood timber profiles for general use.

The full range, shown on the accompanying pages, is machined in our own mill and is available in various lengths from 3m to 6m.

Pressure pre-treated through our own facilities, with the latest generation TANALITH® E wood preservative to give a long and low maintenance service life with complete protection against decay and insect attack.
